OH BABY!

After a hiatus from the solo singing circuit, **Kenny "Babyface" Edmonds** fans no longer have to ask "When Will I See You Again?" Some of his biggest devotees were treated to a private performance by the 10-time Grammy winner at the launch party for his new album, *Grown and Sexy*, at the W Atlanta. Former Hawk Dominique Wilkins, Cosby kid Keshia Knight Pulliam and V-103's Frank Ski, Wanda Smith and Ryan Cameron were among the high-profile guests. ★ It's not often that kids are allowed to attend charity events, but several were in attendance at ChildKind's **100 Who Make Children Feel Like a Million** luncheon at the InterContinental Hotel. The organization, which assists medically fragile children in foster care, honored 100 charitable citizens, including Star 94's Vikki Locke, named ChildKind's Woman of the Year. Other honorees included Secretary of State Cathy Cox, Laura Turner Seydel, WXIA's Karyn Greer and *Atlanta* Magazine publisher Sean McGinnis.
